apiaryfund

Start Building Your Wealth With Our Money

WE DEVELOP YOUR INVESTING SKILLS BECAUSE YOU TRADE OUR MONEY

The Two Big Obstacles to Creating Income & Wealth from the Market.

No Investing Experience?

Apiary has developed a simple step-by-step system with a proven record of success in developing profitable investors. Whether you have minimal experience in the markets or you are a seasoned vetran, the system helps you gain the valuable experience you need to take your income production to the next level - a consistently profitable income from the market.

Books and seminars only go so far in helping you learn the markets... At at Apiary, you not only grow knowledge, you gain experience!

No Money to Invest?

Next to experience, money is second biggest obstacle you'll face in creating income & wealth from the market. At Apiary having money to invest is not a problem because you'll trade our money. Sure, we have to train you and make sure you understand how the markets work, that you can trade successfully in our simulation accounts, but when you figure it out, we give you the funds to invest.... And let you keep the biggest share of the profits!

Beeline to Funding

A System for Creating Experience in the Market.

Believe it or not you already know how to invest. You invest hours of your life in a job for an income. In fact, chances are good that you paid a college to teach you how invest your time for an income!

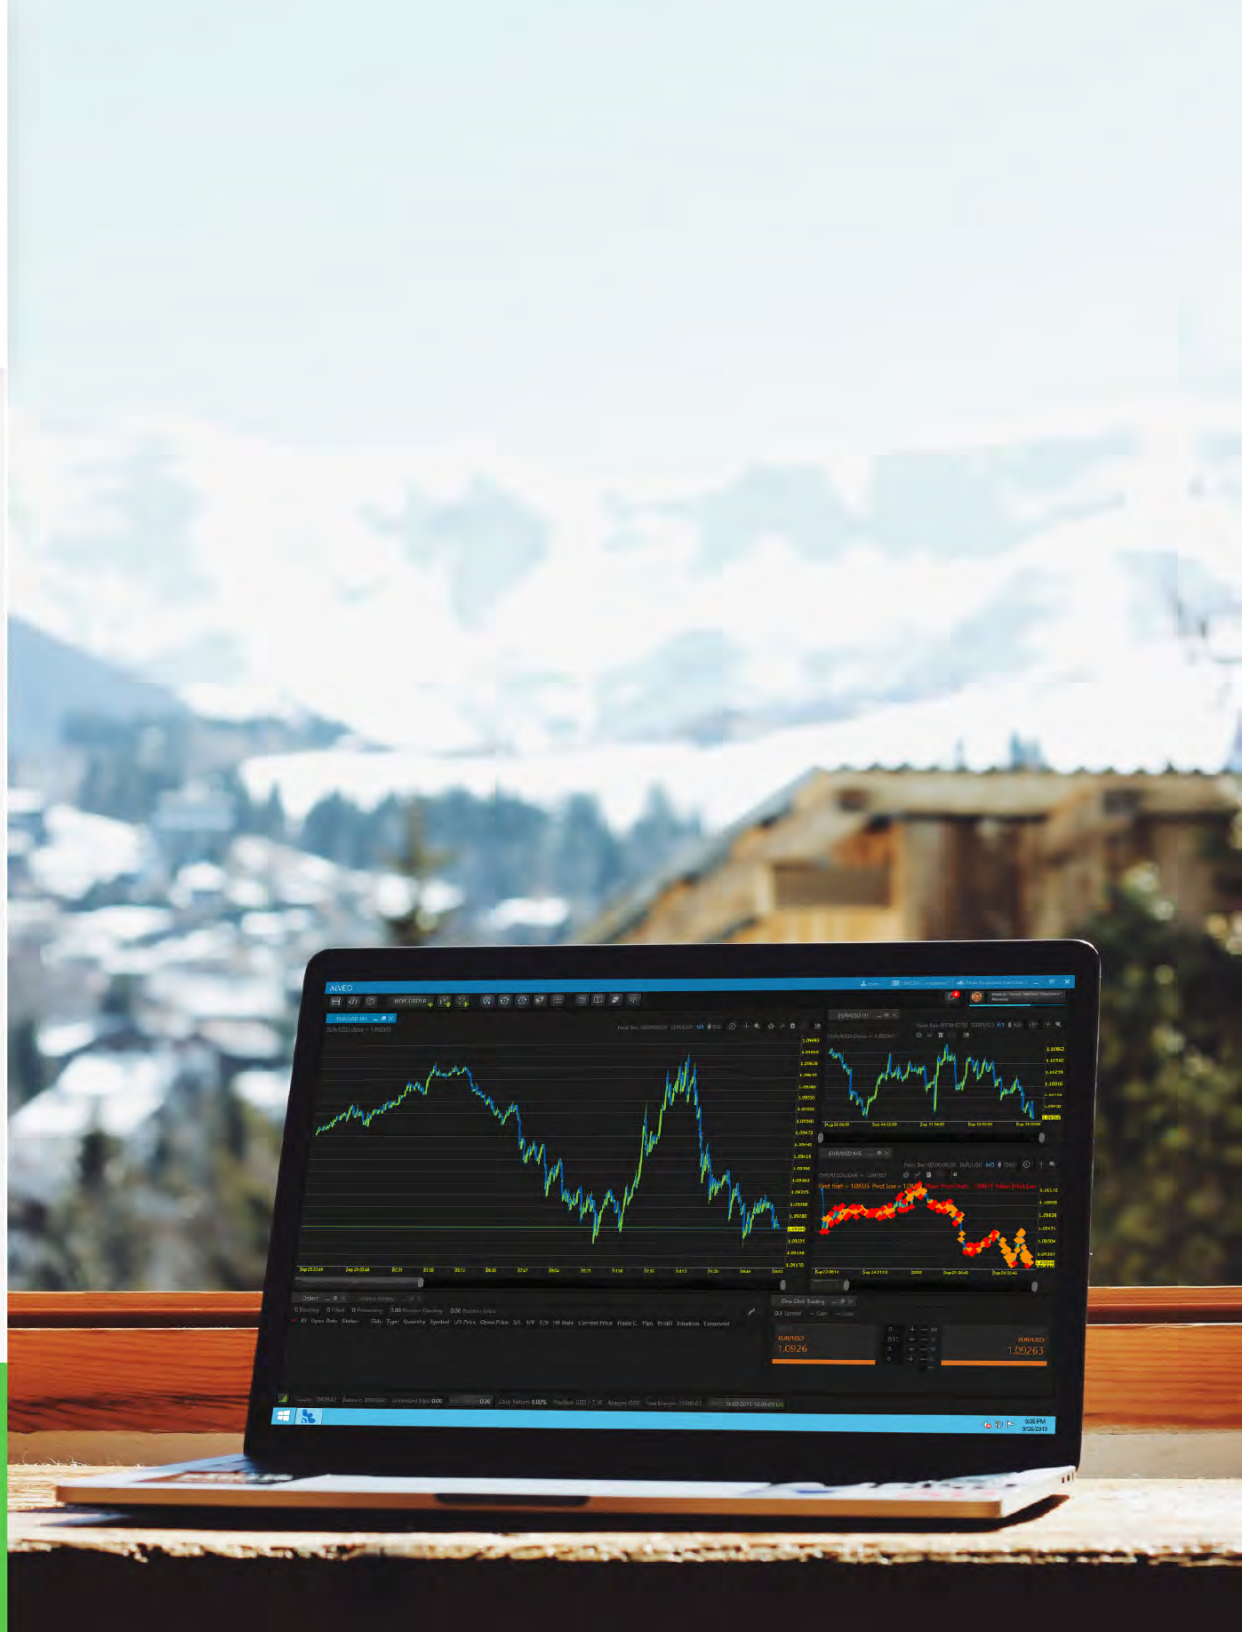
"Apiary funds 100% of the investors who complete the Beeline!"

At Apiary, we're not interested in investing time for an income - we show you how to invest money for an income. And we do it using a system that helps you learn the principles, gain experience, and practice in live market conditions - all under the supervision of proven industry professionals with a long track record of success.

Beeline to Funding is a guide that takes you step-by-step along the journey from learning how the markets work to giving you tasks that will give you experience - all in a safe, fun environment!

"You go to college to learn how to invest time for an income... You go to Apiary to learn how to **invest money** for an income!"

- Shawn Lucas



“Apiary Has the Funds To Trade so you Don’t Have to Risk A Dime of Your Money in the Market… It’s There, Waiting for You when You complete Beeline!”

Trade With Our Money.

The Apiary Fund is a unique type of investment vehicle. It is a pool of money that is managed by a group of investors that have been trained to make consistently profitable trades in the market. To qualify to trade the Apiary Fund, you must develop your trading experience by completing the Beeline to Funding requirements. Then, when you are trading the funded account and produce a profit for the month, we split the profits… You keep a portion for your income and the rest goes back to the fund for new up and coming traders like yourself!

I See what you're Saying but...

How Much Time Does it Take?

We encourage our investors to spend about an hour a day in the markets... Somedays more, somedays less. You will quickly discover that the time you spend in the market has a remarkable return.

What do I need to get started?

You don't need much. You need a computer and Internet. We provide the training, tools, data, and even the money you need to invest!

What if I lose your money?

First of all, losing is not a bad thing. Even the best of traders lose money some of the time. The key is keeping the losses to a reasonable amount. We help with that by monitoring the investment decisions you make and giving you warnings when we see the losses mounting. If things get out of control we can step in and stop the losses from getting to big. It sounds harsh, but its one of our most successful learning tools!

Can I really make this work?

Apiary has nearly a decade of experience in helping a person develop the skill to make money in the market. Yes, we know you can make this work because we've seen it work over and over again.

In fact, over 87% of our traders who pass the Silver Hive requirements are able to produce some remarkable results:

- High win-to-loss ratio
- Average win greater than average loss
- No losses greater than 20%

In the financial industry, this is the golden performance. The pro's work their entire careers to meet these basic criteria for success and our traders are meeting it within 6 months!

If you're committed and work hard, then you can make this work. We've never given up on our traders and we're not about to start with you. Remember we're in this together - through the good days and the bad.

Whats the catch? It sounds too good to be true!

Apiary is a one-of-a-kind company with a purpose driven motivation. We are here to develop consistently profitable traders. It is our belief that if we can successfully reach that goal, then we will have built something of great worth... Both to you. And to us. You will have learned to make money in the market - so you are better off. And you will be trading our money - so we are better off! And we can both grow and enjoy the benefits long into the future!

How much can I make?

Obviously different traders have different results. That only makes sense, but remember our goal is to develop consistent profitability. So we've done some research and here's what we've found:

Funded Account Size: $2500
Average Payout: $363/month

We understand that you're not going to get rich very quick in one of these small funded accounts, so what we do is increase your account size as you improve your performance. This gives you a chance to scale up your monthly income.

It's a great way to reward who continue to work and improve their skills in the market!

Choose Your Track.

We want you to get the most from the Apiary Fund. Take a look at our options to find which track works for you.

Beeline to Funding

- A step-by-step system that helps you develop your trading skills in the market. Beeline is built to help you learn a concept, practice applying it to the market, and develop your skill through statistical feedback. Each requirement builds on the last and promotes you to the next!
- Traders must complete the four Beeline Hive levels (Copper, Bronze, Silver and Gold) to be able to trade one of Apiary's Funded Accounts for Funding at Apiary.

Trading Accounts

- Apiary has two types of trading accounts. Simulation and Funded.
- Simulation Accounts allows you to trade and track performance in real-time real world markets with simulated funds. These accounts are great for practicing strategies, and learning new concepts.
- Funded accounts are real-time accounts that use the funds Apiary provides to generate income from the market.

Investor Profile

- To develop your skills in the market, you must develop a way analyze and manage your money that makes sense to you. The Investor Profile helps you discover your natural skills and abilities in the market!

Alveo Trading Platform

- Alveo is Apiary's Proprietary trading platform that talks with Beeline and Apiary's Risk Management System to help you develop your skills and protect the money you manage in the market.
- Alveo includes all the analytical tools you need to perform your analysis of the market.
- Alveo is a trade execution platform that connects to Apiary's liquidity providers to process orders quickly!

1:1 Trading Partners

- Our staff of professional traders will hold 30-minute one-on-one consultations with you on the topics of your choice. There are two type of 1:1 Partner Session
- Prefunding Sessions help you work through any challenges you have completing your Beeline Requirements.
- Elective Sessions offer you a chance to receive professional guidance on topics of your choice. Whether you need help with a trading plan, feedback on a trading session or to learn a new strategy, a trading partner is ready to help!

Bootcamps

- Bootcamps are special 3-day live and in-person training events that focus on specific topics with the purpose of mastering the topic. Some bootcamps will help you zip through your Beeline to Funding while others help you meet your daily income goals. Come prepared to work, though, the title bootcamp is appropriate!

Summits

- Each year, Apiary holds an annual meeting with all traders. These events cover current trends in the market, latest developments at Apiary, and over thee days of live trading demonstrations, lectures and friendly competitions! Plus, each attendee is given a $1000 account to trade at the summits!

Trading Rally

- Trading rally's are one-day trading events that seek to bring the exciting world of trading to your neighbor hood. With a day full of inspiring trading and instruction from our professional traders, these are events you do not want to miss!

Live Demonstrations & Classes

- In the Apiary website you will find a calendar of training classes and demonstration scheduled at various times and topics throughout the week.
- Apiary currently holds over 20-hours of recorded weekly webinar instruction that you can attend live or come back later and watch the recording.

Trading as a Business Course

- Trading businesses have a favorable tax structure. In this course you will learn how to setup a trading business and save more of money you make!

Monthly "Share the Profits" Income

- Any gains in funded accounts are split between you and Apiary at predetermined rates. For example you may be at a 50% funded account payout, which means if you generate $1000 in profit, you will receive 50% or $500 on the 20th of the month when profits are calculated

Meet The Team

Decades of Combined Experience in the Market.

Shawn Lucas

Shawn Lucas is the founder and fund manager at Apiary Fund. He began his career as a broker for Fidelity and Charles Schwab where he worked the trading desk and processed orders for high net worth investors.

An expert in the field of technical and economic analysis of the financial markets, Lucas has since established his reputation as a thought leader and guest speaker for several financial companies including Reuters and TD Ameritrade. He has traveled extensively throughout the world providing lectures, training, consulting, and expert testimony to companies and individuals on the art and science of financial analysis.

Lucas has authored sixteen books and studies on the use of technical and economic analysis in stock, option, and futures trading. His simple and methodical approach to the markets has helped thousands of investors better understand and improve their performance and profitability in the financial markets.

Nate Allred

Nate Allred, is a professional trader with more than 8 years experience developing trade strategies, set ups and tactic that he uses for his own trade accounts, Apiary's trade account, and that he transfers to other traders who will trade on behalf of Apiary Investment Fund. He has guided the recruiting process and activities for national and global companies including Apiary Investment Fund, Grow Rich Stay Rich, Investview, Star Trader to name a few. He specializes in communications coaching and counseling of new and expert investors, traders and speculators.

Steve Perry

Steve Perry is currently the manager and director of a Forex trading signals program at the Apiary Investment Fund. He studies Finance at the Marriott School of Management at Brigham Young University in Provo Utah.

Steve has won several awards within the largest business club in America (FBLA) or Future Business Leaders of America. In 2012 he took 1st place in the state of Utah in "Banking and Financial Systems." He later went on to compete on a national level and is ranked nationally in this field.

Todd Granthem

Todd has worked in the financial industry for several years beginning with Merrill Lynch in the late 1990's then starting my his money management firm where he's managed Forex accounts. He has been an instructor, trainer and coach for several financial education companies where he taught students, both live and online, how to trade stocks, options and currencies. He has been part of curriculum development teams where he wrote and produced both written and online educational products and has written hundreds of articles for financial websites and various blogs. He has a passion for the markets and teaching people how to become successful themselves.

What Traders Have to Say.

Hundreds of people just like you have become forex traders using the **Beeline to Funding.**

David Baird

I've been training with Apiary Fund for 5 months. I've been impressed with the level of professionalism and the excellent education in market fundamentals that they provide. These people are honest and kind. I had less than a year of trading experience prior to joining. I am now trading their money. If you are looking for a solid training program with an excellent company and mentors that will never give up on you, this is it.

Chris Riccardi

This is the absolute BEST place to get a robust education about Forex Trading. The Journey one takes to become a successful Trader in any market is one of the most challenging, hair raising, head banging, brain busting experiences one will take in a life time. It becomes a fun and simple journey.
Thank you Apiary Fund for being there, I wish I would've found you sooner!

Kelly McEachern

For anyone that is truly serious about Forex trading, I highly recommend Apiary Fund. Shawn, Nate and team are outstanding, profitable traders with a passion for sharing what it takes to develop into a profitable trader. They are successful traders that educate, not the other way around. I love trading and the Apiary community is a big part of my success
